

CPTSC Award for Excellence in Program Assessment: Committee Review

Nominee	
Reviewer	

Criteria	Review
How is accomplishment clearly related to programmatic assessment?	
How does the accomplishment build upon and contribute to program assessment literature or practice?	
How does the accomplishment demonstrate a sustained interest in program assessment?	
May the contributions be found within the peer-reviewed literature in our field?	
How does the accomplishment provide a framework by which the study of program assessment may be advanced by other researchers?	
How is the accomplishment's relevance – to research in program assessment and the conceptualization of problems within it – clearly demonstrated?	
Will the CPTSC membership feel that the winner has provided a substantial contribution to program assessment in our field?
